

BEST POSTER AWARD

Posters presented at the «**NANOWORKSHOP**» will be reviewed by an international panel of scientists to establish the best 10.

Eligibility

All posters will be eligible for nomination for the Best Poster Award provided as they meet the requirements and guidelines. The posters should consist of well-prepared visual materials about the work, posted on a designated board. It is required that an author be registered for the School and in attendance to present details and answer questions during a designated poster session time.

PARTICIPATING POSTER AUTHORS MUST BE PRESENT AT THEIR POSTER DURING THEIR ASSIGNED POSTER SESSION.

Please fix posters before the poster session (kindly follow the Program of the School). Organizing support team will be at the School location from 10th till 11th May from 8 a.m. to 6 p.m.

Paper Poster Size:

The poster size is A0, equals 84,1 cm height x 118,9 cm length, or smaller. Please choose horizontal format and keep in mind that the font sizes should be big enough to allow your poster to be read from some distance. We suggest using a font size of 22 – 24 pt. for texts and 60 – 70 pt. for headings. You are kindly asked to bring your poster fully assembled and printed. All posters must include a full contact mailing address.

Selection Process: a Poster Award Committee will review all of the posters exhibited

The criteria for the Best Poster Award are:

- Clarity of submitted abstract
- Importance and scientific contribution of the work
- Novelty and originality of the work
- Level of completion of the work, quality of experimental or theoretical execution
- Readability of the poster
- Ability of the presenter to explain the work

The winner of the Best Poster Award is announced during the closing ceremony of the **2nd International Young Scientists School «NANOSTRUCTURED MATERIALS» on the 12th of May, 2016**. Award-winning authors will receive an Award Certificate. All nominated posters will receive a certificate.
